PROFILE

Dynamic Website Content and CMS Specialist with a proven track record of orchestrating enterprise-level digital publishing workflows, international corporate websites, and complex multilingual operations. Adept at navigating high-visibility platform environments—including WordPress, EpiServer, Umbraco, and Drupal—to deliver seamless website launches and flawless stakeholder-driven content. Combines technical platform precision with strong editorial standards to optimise user journeys, maintain digital assets, and execute targeted email marketing campaigns.

CORE SKILLS

- **CMS Platforms & Architecture:** WordPress, EpiServer, Umbraco, Drupal
- **Content Operations:** Website Content Publishing, Metadata Management, Content Formatting, QA Testing
- **Campaign & Workflow Tools:** HubSpot Email Campaigns, Workfront Workflow Coordination, Digital Asset Management
- **Global Support:** Multilingual and International Content Operations, Localisation Quality Control
- **Collaboration:** Stakeholder Communication, Cross-Functional Team Leadership, Project Delivery

PROFESSIONAL EXPERIENCE

Website Editor / CMS Specialist | BSI Group

August 2023 – Present

- **Global Web Operations:** Managed and streamlined daily digital content operations across a vast network of over 40 international BSI websites.
- **Enterprise Launches:** Collaborated on high-stakes enterprise website launches, successfully publishing and reviewing several hundred content pages for global business divisions.
- **Multi-Format Publishing:** Published and optimised high-impact blogs, campaigns, webinars, white papers, and corporate certification assets utilising EpiServer CMS.

- **Stakeholder Relations:** Partnered with cross-functional international content teams and industry stakeholders across multiple commercial sectors to ensure brand alignment.
- **Workflow Optimisation:** Executed digital requests and monitored complex project lifecycles from intake to delivery using the Workfront ticketing system.

Website Developer / Content Editor | Nexus Media Group

June 2021 – June 2023

- **CMS Maintenance:** Controlled and updated real-time editorial content across B2B publishing and event websites via WordPress CMS.
- **Email Marketing Execution:** Produced, targeted, and scheduled data-driven marketing email campaigns using HubSpot to boost event registration.
- **Campaign Support:** Created high-quality social media assets and designed visual elements to ensure unified digital campaign delivery.

Web Content Management Assistant | RUSI

April 2021 – June 2021

- **Large-Scale Migration:** Supported the migration and successful deployment of a major Drupal website launch spanning several thousand pages.
- **Data & QA Integrity:** Oversaw structural metadata management, text formatting, image optimisation, and rigorous pre-launch content QA testing.

SELECTED COMMERCIAL PROJECTS

Successfully delivered front-end content production, promotional assets, and platform updates for prominent commercial brands, including:

- **CYP Now:** Spearheaded publishing website content updates and asset formatting.
- **Nursery World & Drama & Theatre:** Provided comprehensive CMS publishing and editorial asset support.
- **Caring Times & NMT Magazine:** Managed event and print publication content pipelines.
- **Business Women in Education:** Supported end-to-end digital event website preparation and brand consistency.

EDUCATION

- **BA (Hons) Illustration** – University Art & Media Design, Swansea (2014 – 2016)

- **Interactive Media / IT Studies** – Coleg Gwent Nash College, Newport (2013)
- **Art & Design Foundation Degree** – Coleg Gwent, Caerleon (2008 – 2012)
